"The move into storage and to our new apartment went very well. Sterling Van Lines did a fine job, and were a pleasure to work with. This is the fourth time that I've had items moved by Sterling Van Lines and I have appreciated the professionalism, thoroughness, and care from your employees."

-Kathryn

"I appreciated working with Sterling Van Lines. They showed up on time and worked fast, hard, and carefully packed my items. They were professional and they were very nice. Moving all my mother's things was emotional and they made it easier for me"

-Karen

"Sterling Van Lines picked up our furniture in Torrance, CA and delivered to us at Sun Valley, Idaho. Both the pickup crew and the delivery crew were - on time, friendly, helpful, and we will recommend them to all our friends who need moving service."

-Nick
